Dear Puppy Parent,

Thank you for choosing Care Dog Training's Kindergarten Puppy Class. At Care we believe that the puppy class is perhaps the most important class you will attend with your dog because it sets the foundation for forming good habits for a lifetime relationship. The International Assn. of Canine Professionals and the National Association of Dog obedience Instructors both endorse this class.

Enclosed please find a class registration form; a map to the training site; and a health certificate for your veterinary office to complete.

**Course Description:** This **6** week class is for any puppy **10 - 20 weeks** of age at the first class. The **first week** meets **without** puppies. **Two\*** family members may accompany each puppy. (\* Two adults **or** one well-behaved child, -8 yrs. or older accompanied by an adult, are welcome.) The class is designed to teach you effective management and handling skills and to develop a puppy's confidence, attention, response and respect for its family.

**REGISTRATION closes** one week prior to class or when limit is reached. (→ **Classes fill early!**)

**Pre-register** by mail. Please check the enclosed application form for fees, starting date and time. **Return the application form signed and fully completed, along with class fee** to reserve a place in the class.

**HEALTH CERTIFICATE** Please bring the Health certificate with you to the first class. It must be completed/signed *by your veterinarian*.

**Remember:** that the first week is the Orientation. Please leave your puppy at home. During the orientation we will lay the groundwork for successful management and relational skills.

**Parking:** The street is narrow and fairly busy. To avoid constricting the driving lanes, making it difficult to drive through, please park on the **west** side of the street. (On the opposite side of street from the house where the classes are held)

If you have any questions, please do not hesitate to contact us. We look forward to meeting you.

Sincerely,

*Mary Mazzeri*
